Mary Anne Zurn provided an overview of the process to add a training provider to the Eligible Training Provider List (ETPL). She described the review steps taken before bringing a school request to the Committee for a Board recommendation. Review includes licensing with the appropriate authority; programs the school is authorized to provide under their license; hours of program training linking to an occupation on the Regional Targeted Occupations List (RTOL); the number of program credits provided, credentials linking to the Master Credential List, and the location of the new school. CareerSource Southwest Florida (CSSWF) can set cost caps on the programs and determine the percent of course time completed online. The school does not need to be accredited to be included

on the ETPL, nor is the program cost a factor. As for programs exceeding the CSSWF caps, we fund the last session of the training.

For new schools that don't yet have reportable performance outcomes, following the completion of a cohort, a performance review is completed. As Florida is updating the process, we are hesitant in updating the criteria and would like to have the committee make the recommendation to bring to the Board.

Kim Hustad made a **motion** to accept the staff recommendation to approve providers using current criteria. Deelynn Bennett seconded, and the motion was unanimously approved by the Committee.

B. Request to Add K & E Medical Training Center

Keitha referenced one of the new schools to review, which is included in the meeting packet. This school is licensed with the Florida Department of Education (DOE)/Commission for Independent Education (CIE) and offers Medical Assistant and Patient Care Technician. The school was brought before this Committee in February. The Committee asked Mary Anne to request performance information and pass rates for programs. Mary Anne stated she checked with the CEO of the K & E Medical Training Center and confirmed there are students attending but not yet testing, credentialed or completed.

Deelynn Bennett made a **motion** to make a recommendation to the Board of Directors to approve the addition of K & E Medical Training Center to our Eligible Training Provider List (ETPL). Drummond Camel seconded, and the motion was unanimously approved by the Committee.

C. Request to Add Dominion Institute

Keitha referenced the second new school to review, also in the packet. This school is licensed with the Florida Department of Education (DOE)/Commission for Independent Education (CIE) and offers Nursing and Practical Nursing. Pending PELL eligibility at this time.

Deelynn Bennet made a **motion** to make a recommendation to the Board of Directors to approve the addition of Dominion Institute to our Eligible Training Provider List (ETPL). Brent Kettler seconded, and the motion was unanimously approved by the Committee.

V. REPORTS

A. Department of Economic Opportunity (DEO) Statewide Indicators of Performance
